Dear Delegates,

Thank you for your participation in the Poster or/and Oral Presentations sections in our recent 27th Annual Regional Congress of the Perinatal Society of Malaysia.

We hope you have gained some valuable learning experience from your research work, in addition to the programme attendance of the Congress.

The Perinatal Society of Malaysia will be hosting the Federation of Asian and Oceania Perinatal Societies Congress (FAOPS) in 2022. This FAOPS Organisation consists of Perinatal Societies from countries such as India, Bangladesh, Sri Lanka, Myanmar, Singapore, Thailand, Taiwan, Cambodia, Japan, Korea, Philipines, Australia, Indonesia and Malaysia.

The dates and venue of the 2022 Congress has not been determined yet. Once the event details are confirmed the information will be shown in the Perinatal Society of Malaysia official website.

We hope that you and your colleagues will be able to join us at the Congress next year.

We would like to invite you and your team to submit more research works in this Congress!

Thank you.

Yours sincerely,

Dr Chye Joon Kin

Scientific Committee

Perinatal Society of Malaysia
